RE: John Pack

To Whom it May Concern:

Mr. John Pack was the contractor who built a swimming pool in our backyard in the summer of 1996. I found his demeanor and work to be the epitome of professionalism. He has been a very personable individual. His work was actually brought in ahead of schedule and at the price which was originally quoted. We have had no difficulties with our pool over the last 18 months and don't anticipate any. I wholeheartedly endorse and recommend Mr. Pack for construction. If you have any questions, don't hesitate to contact me.

Thank you,

Brian J. O'Grady, M.D./ldn
